stood. We shall still insist upon a total shati- do stood. We shall still insist upon a total absti-nence from elavery, intemperance and sin in every It should be felt to be an essential defect in na-litah mind, it is

I have been unwilling to regard, with any degree of anxiety, the incongruous features, which the celebration of Thanksgring has seened to footing flower in the feet alone that he is me sometimes to assume. An a day of junketing and holder, a hardly seene to confirm the celebration of the constraints of the celebration of the celebrati pre of sharvy, and the color of some in our practice secred and proper upon it, in-dissoluble from its agreeable observance, accord-ing to the associations that have grown op with it, and the observances that some one form of with it, ing to the associations that have given by win, and the observances that spring out from it, yet these are not the altar that sanctifieth the grift. The grift is that of a people's gratitude, the altar that of a Mebbath, chosen from the fulness of the year, to witness its amount escribes.

prox, to winness its anneal secrifice.

Of course there are observances and privileges connected with this feetival; but the high observance of all is a devout thankagiving, the high privileges of the days constant and peculiar relastion of praise to the Fatier. It is this sense if the day which should be inculcated; and easy, tye, delightful, is it for a devout and obselvent nicel to instit this sense of it upon children, upon the community. Once all the thoughtfules, upon the community. could be sense of it upon children, upon the thoughtlens, upon the community, upon all who habitually look to such minds, as do all of all classes, for guidance in respect to the observances of religion. All are ready to make their expression of joy as serious and real as the types of output before them indicates, as the course of sentences about them will permit. The defect is in

and faith. For cert ride with Him, on whom we call in a surpretual like this. The inconsistency
